Governor Cleveland to go to Buffalo

Thursday—The Great German Mass Meeting.

Tammany Solid for Cleveland.

New York, Sept. 30.—Tammany Hall made the following nominations, yesterday: For mayor, Alderman Hugh Grant; comptroller, ex-Congressman Henry P. Dagro; district attorney, ex-Senator George H. Foster; president of the board of alderman, General John Cochran; coroner, Dr. J. B. Mesimer; judges of court of common pleas, Richard J. Lorrimer, Joseph F. Daly (re-nomination), and Hugh J. Cole.

John Kelly, in a speech at the opening of the convention, said: "We believe the nomination at Chicago was an unwise one, but Grover Cleveland is the nominee of the democratic party, and we will not separate from the party we have all known and loved so long. We shall give Cleveland and Hendricks a full, fair and honorable support."

A communication from the executive committee of the People's party, suggesting certain candidates, was ignored.

THE PAINTED PILGRIM.

FOSTER, Ohio.—A delegation of 100 leading merchants and others of the business men's club of Toledo called this morning to pay their respects to Mr. Blaine. He received them at a quarter before nine in the parlor of the Boddy house. The meeting was quiet and informal. At nine Mr. Blaine was driven to the depot. Senator B. K. Bruce, Emory Starns, ex-Governor and Judge West and Senator Plumb of Kansas, were added to the party of yesterday. There was some delay at the depot and it was not until near ten o'clock that the special train started for Tiffin and other points south. Quite a crowd had gathered and there was the usual cheering as the train moved off.

HENDRICKS EN ROUTE TO LOUISVILLE. INDIANAPOLIS, Sept. 30.—Governor Hendricks left the city this morning to visit the Louisville exposition where he will be the guest of the commissioners.

THE GERMAN'S MASS MEETING.

NEW YORK, Sept. 30.—The Academy of Music was crowded last night, as were the streets in the vicinity, on the occasion of the German democrats' mass meeting. The interior of the building was handsomely decorated and there was a considerable display of fireworks. General Franz Sigel called the meeting to order. General Franz Sigel presided and in the opening speech bitterly attacked Blaine and his party. He was followed by Oswald Ottendorfer, editor of the Staats Zeitung, Governor Salomon of Wisconsin, and Joseph Pulitzer, of the New York World. The meeting was a great success and the enthusiasm unbounded. Carl Schurz appeared at the close and was tendered an ovation.

BUSY AS USUAL.

ALBANY, N. Y., Sept. 30.—Governor Cleveland is busy to-day finishing up his work preparatory to his trip to Buffalo on Thursday. He goes on the first train which leaves here at 12 o'clock, arriving at Buffalo at 7:45 p. m. The train makes but three stops, at Utica, Syracuse and Rochester. At Cleveland's home the citizens will unite in receiving him irrespective of party. It will take the form of an exhibition of local pride and it is believed the demonstration will be a very imposing one.

The Springer Invention.

WASHINGTON, Sept. 30.—The majority report of the Springer committee on the United States marshal accounts has been made public. It is signed by the democratic members of the committee, and says: "A stream never rises above its source and as long as these men possess the power of appointing their officers who have no appreciation of the true dignity of the public service and regard offices only as rewards to be bestowed upon them, the most unscrupulous political aliens, there is not much reason to hope for any improvement in the character of our appointed officers."

The investigation reveals a wonderful unanimity with which these officers of almost every grade and in several portions of the country have plundered the public treasury by false, fraudulent and fictitious charges and in the variety with which they have worked their schemes is equally curious and shows that they have taxed their ingenuity to the utmost to find the modes of doing these things in getting money they were not entitled to. They charged for arrests not made; for travel not performed; for expenses not incurred; for guards not employed. They knowingly rendered false accounts against the government, misappropriated public funds, became defaulters to the

government and to the courts and increased their accounts after they were made up in the name of fictitious persons. They have extorted money from private citizens and in ways without number swindled the government and oppressed the people."

A Bloody Affair.

PITTSBURGH, Sept. 30.—Intelligence has been received of a bloody affray yesterday afternoon near Tamesil, Pennsylvania, between Italian laborers on the Harrisburg and Western railroad. The men were paid off, yesterday and five of them started out for a general spree. After drinking heavily they became boisterous and meeting another Italian assaulted him. The latter tried to get away and falling turned on his assailants with a revolver and knife. One of them he shot dead and another he stabbed fatally in the neck. The others were more or less seriously wounded. The names of the participants are unknown, as they were generally known by numbers.

LATER.

The report of the riot at Somerset is contradicted.

A Town in Flames.

At 2 o'clock over twenty houses had been destroyed and the fire was still raging. Assistance has been telegraphed for from Three Rivers. A strong wind is blowing which fans the fire. Nothing short of providence can save the whole town from being laid in ashes. The Catholic church has caught fire and is burning rapidly.

It rained lightly early this morning, but in a short time the sun burst through the clouds and the day brightened in all its autumn grandeur. Thus the first day of the great Northern Indiana fair betokened the success of the exposition in which all take so much local pride.

Fast horses continued to pass in all morning, and now there is not a vacant stall on the grounds.

TUESDAY, SEPT. 30, 1884.

OFFICIAL-PAPER COUNTY AND CITY.

Democratic National Ticket.

For President, GROVER CLEVELAND, Of Ohio.

For Governor, ISAAC F. GRANT, Of Randolph.

Democratic County Ticket.

APRIL 29, 1875, the Indianapolis Journal, the republican organ of the state, had the following headlines on the first page:

BLAINE'S campaign motto: "Money is power."

Is Mr. BLAINE honest?—N. Y. Tribune. No, [But this.]—Troy Press.

BLAINE made twenty-seven speeches in Ohio in 1876 and reduced the republican majority to about 6,000.

JOHN C. ENO, the fugitive bank president, has leased a house in Quebec at \$82,000 a year.

Mr. DUNDY still holds forth in Ohio, managing the campaign, is still commissioner of pensions, whose duties it would seem were at Washington and still continues to draw \$5,000 a year salary.

Mr. RAFFAPORT, the gentleman who so glibly informed his slender audience in this city last Saturday evening, that laboring men men in this country received \$2 per day, should next go to the Hocking Valley coal mines and there repeat his story to the miners.

WHAT other man in the country than James G. Blaine would resort to such theatrical performance as advertising widely a contemplated visit to Garfield's tomb. And this Blaine is the same man who, when Garfield was battling for life, called the cabinet together and urged that Mr. Arthur should take the oath of office.

A REPUBLICAN orator named Capt. J. H. McGill, from Valparaiso, the other night at South Bend said that Blaine was married on the "European plan," whatever that may be.

THE kindness of republican organs is truly amazing. With great care and skill they are pointing out the mistakes the democratic party is making from time to time.

LAST Saturday evening a republican speaker in this city made the statement that Blaine had made his money by speculation and that he speculated while speaker of the house, but yet he was an honest man.

"MY DEAR FISHER" says he has other letters which he will publish if necessary and that one of them will "drive Mr. Blaine from the country by the first steamer."

THAT Blaine encourages the scandalous attack upon his opponent, Governor Cleveland, is again proven by the Associated Press statement, and this agent of news has never knowingly been guilty of misrepresenting Blaine, that Judge Tenny who is accompanying the painted pilgrim on his tour made a bitter speech at Fremont.

In the last May number of The Continent there appeared an article which portrayed Blaine's character in unmistakable terms.

"If the republican party seeks to commit harikari, the quickest and surest method for it to do so is by the nomination of James G. Blaine for the presidency, and the next most speedy and effective method is to select some man whom he may name as a figure head of an administration he shall in effect control."

"His disabilities as a candidate are radical and incurable."

"In the first place, he is the incarnation of all the reprehensible elements of the republican party. He is a politician in the low sense in which the term is used. To his mind statesmanship is synonymous with trickery."

TARIFF POINTERS.

Many people complain that a "tariff" speech is dull and uninteresting and it is perhaps true that very few speakers can talk for an hour and a half on this subject and retain the interest of their audience.

clearly expressed propositions. Why not try the Moody method of several short, pointed speeches each directed to some special end.

1. That a tariff for protection is not authorized by the constitution of the United States.

2. That such a tariff tends to create a pauper class.

3. That it creates and fosters monopolies.

4. That it does not increase wages while it circumscribes employment.

5. That it kills commerce.

6. That it unsettles the business of the country by causing periodical "booms" and depressions.

7. That it enriches a few at the expense of the many.

A number of similar propositions suggest themselves. Only let the discussion be definite.

THE PIERCE-TURNER RALLY.

There appeared in this morning's Gazette an article purporting to be an exact and truthful description of the immense "republican rally" held in this village last Saturday, but which in reality was nothing more than a "most noble prevarication," which originated in the fanciful imagination of one of the Gazette's correspondents.

A remedy that has proven itself a never failing cure for scrofula and syphilis disorders must quickly cure less terrible blood diseases.

THE Cleveland Plaindealer warns Blaine away from that city. "No presidential candidate," it says, "ever made any votes by coming to Cleveland."

Which scrofula has upon the system must be arrested, and the blood must be purified, or serious consequences will ensue.

A cheering line in a Paris letter announces that bustles are less prominent.

Mr. and Mrs. George Shialer, of Middlebury, Ind., are visiting Mrs. Shialer's parents, Mr. and Mrs. J. R. Shane, of Abbot township. Mrs. Stransburger, the mother of Mrs. Shane and her sister-in-law, from Edgerton, Ohio, are also their guests.

THE GREAT TOLEDO RALLIES.

Mammoth Counter Demonstrations at the Ohio City--The Jeffersonians, of Fort Wayne, Tendered an Oration.

Last night Toledo witnessed the greatest political demonstrations in its history. Every available republican club in Ohio was out to do honor to James G. Blaine. The democrats were equally alert and did themselves proud. The Jeffersonian club of this city and the republican first voters boarded the special Wabash train here yesterday afternoon and were landed in Toledo at 8 o'clock. The Jeffersonians were 190 strong and in the ranks were the best people of Fort Wayne. Our favorites occupied four coaches and all along the route gave cheer after cheer for Cleveland and Hendricks. No other democratic club was on the train, and when the republicans boarded the special along the line they were amazed at the democratic reception accorded them. At the depot the Jeffersonians were met by a band and reception committee and escorted to Madison street, where the great democratic pageant had formed.

The Fort Wayne party was given torch light escort, and directly behind them rode Hon. Patrick A. Collins, of Boston, Hon. Allen O. Myers, of Columbus, and Hon. Frank Hard, of Toledo, who later addressed a monster assembly at White's hall.

Keintz's City band led the Jeffersonians in the line of march and the people of Toledo never listened to such music as our famous City band discoursed. The great procession, miles long, moved from Madison street down Superior to Cherry; Cherry to Huron; Huron to Monroe, where all who desired, listened to the orators of the evening. All along the line the Jeffersonians were tendered an ovation and made the finest appearance of any club in either procession.

From police officers, who witnessed both processions, THE SENTINEL representative learned that more men were in the democratic pageant than in the republican; at least the honors were equal. Both processions passed each other on Superior street, and when the grand stand, where Blaine perched himself, was reached, the democrats shouted loud for Cleveland and Hendricks, much to the chagrin of the tattooed plumed knight. The demonstrations were orderly throughout and not a thing happened anywhere to mar the pleasure of the occasion.

FELL FROM A SLEEPER.

A Wealthy Lumber Merchant Falls From a Pittsburg Train and is Killed--His Wife Here.

Near Ada, Ohio, this morning, a fatal accident occurred. Mr. and Mrs. George A. Wilt, of Philadelphia, were en route here on a Pullman sleeper attached to the Pittsburg limited. At Ada the people left their state room, preparatory to changing cars here for Grand Rapids, where Mr. Wilt has large lumber interests. Just this side of Ada, Mr. Wilt conducted his wife to the toilet room and then proceeded to the other end of the car. This was the last seen of him alive. Mrs. Wilt became alarmed but could get no tidings of her husband until she arrived here. Then information came by wire that his dead body was found near the Pittsburg, Fort Wayne and Chicago track. He had no coat on and must have tumbled from the platform, whither he stepped from the car. Mrs. Wilt was spared the fearful information of her husband's death and was simply informed that he was badly injured. She returned to Ada at noon and on seeing the lifeless body of her husband, was crazed with grief. It is feared her reason is destroyed.

LATER.

A late dispatch from Ada indicates that Wilt committed suicide. His throat was cut from ear to ear, and a bloody razor was found beside the track. Some people suspect murder, but no one sees the necessity of such an act.

TIED OF MISRULE.

Henry G. Olds, the Great Manufacturer, Abandons the Republican Party to Support Cleveland and Hendricks.

The cause of democracy continues to boom and daily do we hear of leading republicans abandoning the party to espouse the cause of democracy and progressive government. Yesterday Mr. Henry G. Olds announced his unqualified support to the democratic party and participated in the great democratic parade at Toledo last night with the Jeffersonian club. Mr. Olds is at the head of the great Olds' Wagon works, whose vehicles are now sold in every state in the union. He is also the owner of the Olds' Spoke works and employs at least 900 men. For years Mr. Olds has experienced the unnatural effects of the high protective tariff on business. One year there is a boom, then a panic, and so on does that unnatural law operate against honest business and the best interests of all people. Mr. Olds wants a comparative reduction in the present enormous tariff, a trade with the nations of the world, and a restoration of the American shipping industries. For these reasons he will vote for Cleveland and Hendricks. It is also understood that J. Marsh Coombs, the successful iron merchant will vote the democratic ticket. Both have been life long republicans, and but the other day Mr. Olds was named by the republican state central committee as one of the Indiana citizens to receive and welcome Blaine at Indianapolis. These men are the foremost citizens of Indiana and their conversion will tell in November.

The latest novelty in bonnets has a crown of alligator skin. If in wearing them the ladies take cold, we say to them confidentially there is no better remedy for coughs and colds than Dr. Bull's cough syrup.

Opening Day.

Members of the C. L. S. C. please remember Oct. 1st, is "Memorial Day." At high noon the Bryant bell at Chawantua will ring. Every true Chawantua heart will hear its echoes. Read Psalms 1st, 8th, and 23rd, and Mr. Bryant's "Letter on the C. L. S. C."

On Trial.

The little daughter of Mr. T. M. Casad, Corydon, Iowa, was cured of a severe burn by one application of St. Jacobs Oil, the magical pain-cure, leaving no marks.

Card of Thanks.

George Brenner and family express their sincere thanks to those who so kindly assisted them during their late bereavement. To the democratic and republican first voters they are especially thankful.

All weakness and ill health owes its origin to an impure state of the blood and weakness of the urinary and digestive organs. A medicine that will strengthen these organs, and at the same time purify the blood, will assist nature in curing nearly every disease, that human flesh and blood is heir to. Such a remedy is Dr. Guyssott's Yellow Dock and Sarsaparilla, and, although it possesses no cathartic or diuretic effect, its use will soon establish a regular habit of body as well as cure weakness of the kidneys, indicated by urinary sediments, nervousness, etc.

MAINE HEARD FROM!

The Maine question is now answered as to the most durable shoe for children. The "little ones" take about twenty steps to an adult one. It is no surprise that the restless feet soon kick their way out.

Parents are in constant trouble about how to keep their children's feet neatly clad, unless they belong to the happy throng who turn these shoes over to W. H. Fleming who always carries a large stock in a specialty for children that is neat, and very durable, in button or lace, light or heavy, heel or no heel. Vital Questions!!!!

Ask the most eminent physician of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves, and curing all forms of nervous complaint, giving natural, childlike refreshing sleep always? And they will tell you unhesitatingly "Some form of Hope!!!!" Ask any or all of the most eminent physicians: What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs: such as Bright's disease, diabetes, retention, or inability to retain urine, and all the diseases and ailments peculiar to women? And they will tell you explicitly and emphatically "Buchu!!!!" Ask the same physicians: "What is the most reliable and surest cure for all liver diseases or dyspepsia: constipation, indigestion, biliousness, malaria, fever, ague, &c., and they will tell you: "Mandrake! or Dandelion!!!!" Hence, when these remedies are combined with others equally valuable, and compounded into Hop Bitters, such a wonderful and mysterious curative power is developed, which is so varied in its operations that no disease or ill health can possibly exist or resist its power, and yet it is Harmless for the most frail woman, weak, or invalid or smallest child to use.

CHAPTER II. "Almost dead or nearly dying" For years, and given up by physicians, of Bright's and other kidney diseases, liver complaints, severe coughs, called consumption, have been cured. Women gone nearly crazy!!!! From agony of neuralgia, nervousness, wakefulness, and various diseases peculiar to women. People drawn out of shape from excruciating pains of rheumatism, inflammation, or chronic, or suffering from scrofula. Erysipelas! "Self-poisoning, blood poisoning, dyspepsia, indigestion, and in fact, almost all diseases fall!" Nature is heir to Have been cured by Hop Bitters, proof of which can be found in every neighborhood in the known world. None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.
